

## Insurance Coverage for Springboard Clinic Services

We will do our best to provide you with the information required by your insurance company so that all or part of your Springboard Clinic services can be reimbursed. Please inform us of your intent to submit your receipts for coverage **PRIOR** to your first appointment.

### Receipts:

All of your Springboard receipts contain the name and qualifications of the professionals in charge of your care. Upon request, we are able to provide an addendum which includes the dates of any appointments you have attended at the clinic.

### Assessment

Dr. Gray conducts all assessments at Springboard and is certified to sign off on your diagnosis. In the event that your insurance plan does not cover services provided by or supervised by Dr. Gray, Dr. Evans is available to review, advise and sign off on your assessment report. This may result in a delay to your report completion and there will be an additional charge of \$200.00.

### Treatment

Dr. Gray oversees your coaching program and is in continuous collaboration with your coach. In the event that your insurance plan does not cover services supervised by Dr. Gray, Dr. Evans is available to manage your treatment program. You will continue to meet with your Springboard coach as usual and your coach will discuss your case with Dr. Evans throughout your package.

Please note that this option is only available for individuals participating in a coaching package and not individuals opting for single coaching sessions.

There is an additional charge of \$150.00 per coaching package for Dr. Evans to provide his support and management of your case.
